Liquid Soil Amendment**

Use Instructions

Turf Maintenance

Apply 4 ounces per 1000 sq ft in 2 gallons of water every two weeks throughout the growing season. On sand based soils weekly applications are very important. Increase rates during times of stress.

Fairways

Apply one gallon per acre in 80 gallons of water, once a month, increasing rates and/or frequency when turf is under stress.

New Seedings

At time of germination apply 4 to 6 ounces per 1000 sq ft in 2 gallons of water, repeating application in 3 weeks, followed by maintenance levels.

Lawn Care

Use one gallon per acre in 80 gallons in water, 2 to 4 times per season, increasing rate when turf is under stress.

Ornamentals

Blend 4 to 6 ounces in 2 gallons of water as a foliar, sprayed over the landscape every 4 weeks. Increase application frequency for stressed plants.

Avoid Mixing with excessive phosphorus or sulfur containing materials. Always perform a bench test for compatibility.

Guaranteed Analysis

Total Nitrogen (N)	1.00%
1.0% Water Insoluble Nitrogen	
Available Phosphate (P ₂ O ₅)	2.00%
Soluble Potash (K ₂ O)	0.5%

Derived from:

Kelp Extract, Fish Meal, Phosphoric Acid

ALSO INCLUDES NON-PLANT FOOD INGREDIENTS:

Guaranteed Analysis

55% Organic Matter (Derived from Kelp Extract and Fish Meal)

0.5% Humic Acid (Derived from Leonardite)

44.5% - Other Ingredients

Organic matter in the Kelp Extract and Fish Meal is a source of carbon that serves as food for soil microbes. Humic acids may aid in micronutrient uptake.

Condition of Sale

1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make warranty, guarantee or direction concerning this product.
2. Because the time, place, rate of application and other conditions of use are beyond Seller's control, Seller's liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.

Storage Precautions

Store in manufacturer's containers when possible. If not, store in polyolefin or polyethylene storage tanks. Do not store for extended periods in mild steel and only in approved fiberglass. Although stainless steel tanks are less prone to corrosion than mild steel, they are not recommended for extended storage. Do not use nylon fittings and valves. PVC or polypropylene valves and fittings are recommended.

CAUTION: KEEP OUT OF REACH OF CHILDREN WARNING

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat, and/or skin. Avoid contact with the eyes, skin and clothing. If swallowed: induce vomiting by sticking finger down throat. Never give anything by mouth to unconscious person. Get medical attention immediately. If in eyes, wash eyes with plenty of clear water for at least 15 minutes. Get medical attention immediately.

Keep stored above 32°F or 0°C
